

RED BUTTE GARDEN

Welcome to Red Butte Garden!

Summer is here, and that means it's time for some fun in the sun! Explore the Garden to see over 18 acres of display gardens, five miles of Natural Area hiking trails, and a kid-friendly plant display in the Children's Garden. What will you discover while you're here? Enjoy your visit!

The Rose Family

Did you know the Rose Family includes more plants than just roses? This unique family of flowering herbs, shrubs, and trees also includes apples, raspberries, pears, hawthorns, almonds, plums, strawberries, and more.

To help identify the Rose Family look for leaves with saw-like edges; flowers with five petals and five sepals (the green, leaf-like structures under the petals); and numerous stamens (the pollen-producing part in the center of the flower).

Summer Garden
Scavenger Hunt

Can you find . . .

Search the Garden to find these 18 plants, sculptures, and animals. How many can you find? Remember: Stay on the pathways; explore by sight, smell, or gentle touch; help keep the Garden clean; and treat all plants and animals with respect.
